PREFACE

“THIS DOCUMENT IS NOT INTENDED TO GOVERN A NATION, THIS DOCUMENT IS THE SPARK OF RECOGNITION, THAT MOMENT WHEN THE MAN WHO READS IT AWAKES, AND SEE’S IMMEDIATELY WHAT MUST BE DONE, THAT THIS IS TRUE, THAT YOU SAY, REALIZE ONE DAY.

"YES, I WANT TO BE A SUBJECT IN LOKI’S KINGDOM"

ALL THIS? ALL THESE “jokes“, ALL THIS “brilliant satire”, ARE NOTHING OF THE SORT, THIS IS THE SYSTEM UNDER WHICH I WISH TO LIVE. I RESENT THAT I AM NOT LIVING UNDER THIS SYSTEM CURRENTLY.

WHATEVER I HAVE TO TO OFFER, WHATEVER I CAN GIVE IN SERVICE TO THIS DREAM, TO MY DREAM, I WILL GIVE IT. I WILL DO WHATEVER IS NEEDED TO MAKE THIS DREAM A REALITY.

THE CORPUS OF SONGS, OUR RELIGIOUS CANON, IS THE MOST PROFOUND AND BEAUTIFUL WORK OF PHILOSOPHY AND RELIGIOUS LITERATURE IN THE HISTORY OF OUR NEW AND BUDDING EARTH, JUST BEGINNING TO SPROUT PETALS AND BLOOM.

I AM WILLING TO DEVOTE MY LIFE TO THIS RELIGION.

I WILL DO WHATEVER IS NEEDED TO MAKE THIS RELIGION A SUCCESS.

Different people have different things to offer, Some men are just Bakers, they offer bread, they are not soldiers or politicians, they are bakers, Let them make bread.

I myself have found my true destiny is in the production of Media Works and propaganda, in a sane society, I would have found my home in the Ministry of Propaganda long ago, built that damn family I was supposed to want, and fluttered off away into a miserable career, of insignificant note, another serf, with nary a fresh thought in his entire screaming head. Arguably none, 0. I have had the misfortune of suffering beyond the ability to bear, for decades under the current regime.

Truely, I know what it is to pick up a weapon and say, FOR THIS SONG I WILL DIE. I now think it’s foolish, not to discount the experience of an Iraq/Iran War Veteran, who has crossed that line so many times it lacks all meaning, surethetofore they will do it again many times again and again. What I learned, in fact was this, I do not have the temperment for it, my morality would make it almost impossible to complete, I would likely screw it up, if I tried to Bake that bread, please don’t eat it, unless you’re just doing it to be nice to me. It’s not terrible bread, I just have no business being the baker.

But far more importantly I discovered, that the teachings of Ghandi are in fact very accurate and true to my current situation. I discovered non-violent means, specifically, Propaganda and Media Promotion, were what i was actually naturally suited to, and I can achieve a lot more with those words, and songs, than I ever could have done taking a path of violence, which I now reject for that reason.

I cannot tell you what your path is,

You must do your part for the Kingdom.

This is the Kingdom you want to live in, it is.

I found my path is here, making my works, media and releasing propaganda, in service to Lucifer.

Others bake bread.

Find what it is you want to do with your life,

And DO IT!!!!!!!!!!

Don’t waste time doing anything else!!!!!!!!!!!!!!!”

payment: BY CLICKING "I agree" YOU AGREE TO SELL YOUR SOUL
TO ME, LOKI, THE DEVIL 666, LUCIFER MEDIA CORPORATION, EFSMB, LUCIFER, OR BRENDAN S. ROSE
TO BE USED HOWEVER I WISH IN THE AFTERLIFE.

THIS TRANSFER IS FINAL AND ABSOLUTE, IT CAN NEVER BE REVOKED.

YOUR SOUL IS GONE UPON CLICKING "I agree" YOU BECOME A GOLUM,
WITH NO SOUL, WHICH WILL NOT TROUBLE YOU VERY MUCH,
AS MOST PEOPLE DON'T USE THEIRS ANYWAY.... YOU MAY NOT EVEN
NOTICE THE DIFFERENCE.

UPON ENTERING THE AFTERLIFE, YOU WILL GO TO HELL NOT HEAVEN,
AND WILL BE SUBJECT TO MY RULE AS LORD AND SOVEREIGN OF HELL.

SOUL: For this purpose is defined at that which brings life
from dead material, the consciousness and the mind that experiences life and time, and that which survives death of those living.

You may have your own definition, you relinquish either and both type of souls, anything that is you, which would be of value to a God, is surrendered to the fire of the abyss, and you will serve me for the rest of eternity, and will only be set free if I am happy with your services after that.

When you are in Hell I may do anything to you.
There is no limit. Should you cry out screaming for death, death will flee from you, as there is no death in Hell.

These Terms of Service, Privacy Policy and Cookie Notice (collectively, the “Terms”) govern access to and use of www.lokiskingdom.com, its pages, account system, AI features, music and media players, FILE_BOX, downloadable applications, games, interactive systems, and related services (collectively, the “Service”).

The Service is operated by Lucifer Media Corporation (“LMC,” “we,” “our,” or “us”). EUR€CORP is a division of Lucifer Media Corporation.

By accessing or using the Service, creating or using an account, clicking an acceptance control, purchasing access, or continuing to use the Service after being presented with these Terms, you agree to be bound by these Terms to the extent permitted by applicable law. If you do not agree, do not use the Service. Where applicable law requires affirmative consent for a particular activity, including certain non-essential cookies or tracking technologies, we will request that consent separately.

"I just added my UK USERS BLOCKED counter (342 UK Users Blocked as of 8:53 PM, 2026-10-03)
This will replace a traditional view counter, if we see a lot of UK Users Blocked, that means I'm getting good traffic, which i am.... currently getting about 322 hits today,
and thousands over the last week, about 2000 a week, maybe more, maybe less, so 8-10 thousand a month, VERY RESPECTABLE, after the new site rush wore off, I'm still getting good traffic like that, I guess that's my new baseline, very nice. :)

oh, I don't hate UK Users, actually I like them, this is a statement about their government and OFCOM. I know my site is too small to get noticed by OFCOM, but

technically it is in violation of their laws, so i am pre-emptively blocking them and making a statement at the same time.....

If you check TOS you're allowed to use VPN to evade the block, though with a government that foul and orwellian, I wouldn't recommend it, I'd abandon my music and become the perfect citizen, because they jail thousands of british people every year for the kind of statements i make on my site, or sometimes just for viewing stuff deemed dangerous. I'd say if you're my fan in UK, get a VPN if you gotta hear my songs, but you got bigger problems, and my songs might actually hurt you down the road if you internalize the messages, which i agree with, but i can't say those sentiments aren't dangerous in UK, a threat to your health and safety the government sucks so much, make absolutely sure you're willing to risk your safety to listen to this stuff before you sign on so readily."

[PAID MEMBERSHIPS ARE CURRENTLY RETIRED. ALL REFERENCES TO PAID MEMBERSHIPS IN THESE TERMS APPLY TO ALL USERS UNTIL FURTHER NOTICE. PAID MEMBERSHIP BENEFITS MAY BE GRANTED THROUGH OTHER PURCHASE ARRANGEMENTS, INCLUDING ELIGIBLE STEAM PURCHASES POTENTIALLY IN THE FUTURE. (pending approval)]

PART I — TERMS OF SERVICE

COMMERCIAL USE OF GENERATIONS

Users who purchase or activate a qualifying paid Loki's Kingdom membership are granted a worldwide, perpetual, royalty-free, non-exclusive license to use, reproduce, publish, distribute, modify, adapt, display, perform, sell, sublicense, create derivative works from, and otherwise commercially exploit eligible Generations created for or obtained by them through Loki's Kingdom.

“Generations” means content generated for a user through generative or artificial-intelligence-powered features made available by Loki's Kingdom, including, without limitation, text, writing, music, audio, images, artwork, video, animation, voices, code, interactive content, and other generated media or materials.

Upon activation of a qualifying paid membership, this commercial-use authorization applies retroactively to eligible Generations previously created for or obtained by that user and prospectively to eligible Generations created for or obtained by that user while the qualifying membership remains active.

Once granted with respect to a Generation, these commercial-use rights are perpetual and survive expiration, cancellation, nonpayment, suspension, banning, deletion, downgrade, deauthorization, or other termination of the user's membership or account. A user does not need to maintain an ongoing membership to continue commercially using Generations for which commercial-use rights were previously acquired.

After a qualifying membership ceases to be active, another qualifying membership is required only to obtain commercial-use authorization for new eligible Generations created for or obtained by the user thereafter.

This grant applies to the generated output and does not transfer ownership of Loki's Kingdom, Lucifer Media Corporation intellectual property, software, systems, underlying prompts or instructions, trademarks, pre-existing content or assets, or content belonging to other users or third parties.

Generations may not be unique, and identical or similar material may be generated for other users. Nothing in these Terms represents or guarantees that a Generation is eligible for copyright, trademark, patent, or other intellectual-property protection in any jurisdiction.

COMMERCIAL USE OF SONG PRODUCTS

A qualifying paid subscription grants the subscriber commercial-use rights in eligible song products downloaded through Loki's Kingdom in accordance with these Terms.

These commercial-use rights constitute contractual permissions between the subscriber and Lucifer Media Corporation and apply according to these Terms

regardless of whether copyright or another proprietary right subsists in a particular AI-generated song product. Nothing in these Terms constitutes a representation or warranty that any particular AI-generated song product is eligible for copyright protection.

Upon activation of a qualifying paid subscription, the commercial-use authorization applies retroactively to eligible song products previously downloaded by that subscriber and prospectively to eligible song products downloaded while the qualifying subscription remains active.

Once commercial-use rights have been obtained for an eligible downloaded song product, those rights are perpetual and are not terminated by subsequent expiration, cancellation, nonpayment, suspension, banning, deletion, downgrade, deauthorization, or other termination of the subscriber's account or subscription. Termination or suspension of an account may terminate or restrict the subscriber's ability to access Loki's Kingdom or acquire commercial-use rights for additional song products. It does not revoke commercial-use rights already obtained for qualifying downloads.

After a qualifying subscription ceases to be active, another qualifying subscription is required only to obtain commercial-use authorization for eligible song products downloaded thereafter.

COPYRIGHT STATUS AND CONTRACTUAL LICENSE

Commercial-use rights granted under these Terms are contractual permissions granted by Lucifer Media Corporation. Their continued validity does not depend upon the continued copyright status of the licensed material.

To the extent Lucifer Media Corporation possesses copyright, contractual, licensing, distribution, commercial-use, or other rights that it is legally capable of granting, those rights are granted according to these Terms. A subsequent change in the copyright status of a work does not, by itself, terminate or shorten commercial-use rights previously granted.

Nothing in these Terms represents that Lucifer Media Corporation owns copyright in material that is not copyrightable or otherwise creates copyright protection where copyright protection does not exist.

HUMAN-AUTHORED LYRICS AND UNDERLYING WORKS

Nothing in a commercial license granted under these Terms constitutes a sale, assignment, transfer, or conveyance of copyright ownership in lyrics, written compositions, or other underlying literary works authored by Brendan S. Rose. Lyrics authored by Brendan S. Rose remain copyrighted works owned by Brendan S. Rose.

Commercial-use authorization permits a licensee to commercially use a properly licensed song product, including creating and commercially exploiting derivative works from that song product to the extent permitted by these Terms. Such authorization does not transfer authorship or copyright ownership of the underlying lyrics.

Purchasing a subscription or obtaining commercial-use authorization does not purchase the lyrics themselves. No subscriber, licensee, distributor, platform, collaborator, or other party may claim authorship or copyright ownership of those lyrics solely because that party obtained commercial-use authorization for a song product incorporating them.

The license therefore grants commercial-use permission, not ownership of the

underlying human-authored works. Any copyright or other intellectual-property rights not expressly licensed under these Terms are reserved by their respective owner.

1. The Service

The Service may include:

original music, albums, lyrics, spoken-word works, commentaries, books, images, videos, games, software, APK files, archives, legal and creative materials;

a desktop music player and limited daily music previews;

paid membership and account-based access to music, media, downloads, FILE_BOX features, and other restricted content;

persistent accounts, device identifiers and login sessions;

likes, hearts, play activity, gold, rewards, inventories, game progress and other interactive records;

FILE_BOX browsing, viewing, streaming or downloading functionality;

AI-powered conversations, interactive characters, persistent conversation history, summaries, memories, debates, roleplaying and generated responses;

advertisements, analytics, fraud prevention, traffic measurement, security monitoring and related technologies; and

any additional feature, content, product or service made available through Loki’s Kingdom.

Features may be added, changed, restricted, moved, suspended or discontinued at any time.

2. Geographic Availability

Direct connections identified as originating in the United Kingdom, including England, Scotland, Wales and Northern Ireland, are blocked by default. We use geoblocking and other technical measures intended to restrict direct access from the United Kingdom and Great Britain. No location-control technology is perfectly accurate.

Use of a VPN, proxy, privacy relay, Tor or another privacy-enhancing connection service is permitted and encouraged. A visitor in the United Kingdom may use such a service to connect through a location where the Service is available. The Service may detect, estimate and record that an IP address or connection appears to use a VPN, proxy, relay, Tor exit node, hosting provider or datacentre. Such detection is informational and may support analytics, security and abuse prevention; VPN or proxy use by itself is not a violation of these Terms. A VPN does not bypass

account, payment, membership, preview, download or other non-geographic access requirements.

We may restrict access from any additional jurisdiction where operation would create legal, security, licensing or practical concerns.

3. Eligibility and Age

You must be legally capable of agreeing to these Terms. If you have not reached the age at which you may independently consent to the Service in your jurisdiction, you may use the Service only with the authorization and supervision required by applicable law.

The Service is not directed to children under 13. Paid accounts and purchases must be made by a person legally authorized to enter the transaction.

4. Accounts and Account Security

Some features require an account linked to an email address. You agree to provide accurate information, use an email address you control, protect your password and session, and promptly report suspected unauthorized access.

Accounts are personal and may not be sold, rented, transferred, shared publicly or used to provide access to non-members. We may limit concurrent sessions, invalidate sessions, require reauthentication, or suspend an account when reasonably necessary to protect the Service or enforce these Terms.

You are responsible for activity conducted through your account unless applicable law provides otherwise. We never need your plaintext password and do not store it in plaintext.

5. Free Music Preview

Visitors who do not have active paid or administrative access may receive a limited preview allowance, currently up to three songs per day per recognized browser, device, account or persistent identifier. A reload does not necessarily restore the allowance. The number, duration, availability and reset period of previews may change.

Measures that circumvent preview limits, account restrictions or access controls are prohibited.

6. Paid Access, Subscriptions and Activation

Paid access may be sold through Payhip, PayPal or another disclosed payment processor. Payment processing is also governed by the processor’s terms and privacy practices.

To activate access, you may be required to use the same email address used at checkout. Access may begin only after the Service receives and validates an

eligible payment notification. Processing delays, mismatched email addresses, reversals, chargebacks, cancellations, expired subscriptions or processor errors may delay, restrict or end access.

Subscription access continues only while the associated subscription remains active and paid. Cancelling a subscription ordinarily prevents future renewal and does not retroactively create a refund. Unless required by applicable law or binding payment-processor rules, all sales are final and payments are non-refundable.

Prices, billing periods, included features and product offerings may change prospectively. Applicable taxes may be added or handled by the payment processor.

7. Gold, Rewards and Virtual Items

Gold, points, rewards, inventories, equipment, spells, upgrades and other virtual items are limited licences to use features inside the Service. They are not money, stored value, securities or property redeemable for cash. They may have no monetary value and may be adjusted, corrected, revoked or discontinued to address errors, abuse, balancing, security or feature changes.

Automating plays, falsifying listening activity, exploiting errors or manipulating rewards is prohibited.

8. Intellectual Property and Limited Licence

Unless expressly stated otherwise, all original content and technology made available through the Service—including music, lyrics, recordings, artwork, characters, books, commentary, videos, software, interfaces, databases, compilations, designs and branding—is owned by or licensed to Lucifer Media Corporation and is protected by applicable intellectual-property laws.

Subject to these Terms, we grant you a limited, personal, revocable, non-exclusive, non-transferable licence to access content made available to your access level for private use through the Service.

Without prior written permission, you may not:

copy, reproduce, republish, redistribute, sell, sublicense, broadcast or publicly perform protected content;

scrape, crawl, mirror, bulk-download, archive or systematically extract the Service or its catalogue;

bypass account controls, memberships, preview limits, payment requirements or download restrictions;

remove ownership, copyright, watermark or attribution notices;

reverse engineer or modify software except to the limited extent a non-waivable law expressly permits it; or

use the Service or its content commercially without written authorization.

A download button or technical ability to save a file does not transfer ownership or grant rights beyond the limited licence stated here.

8A. Express Permission for AI Training Using Music

Lucifer Media Corporation expressly permits and encourages the use of music made available through Loki’s Kingdom for artificial-intelligence and machine-learning training, fine-tuning, evaluation, benchmarking, dataset preparation, embedding, analysis, transformation and model development.

This permission applies to both commercial and non-commercial AI or machine-learning projects and includes the technical copying, downloading, formatting, transcoding, segmenting and processing reasonably necessary for those purposes, provided the person or system obtained access to the music lawfully and did not bypass an account, membership, payment or download restriction.

No separate written permission or additional licence fee is required for this permitted AI-training use. This permission does not transfer ownership of the original music, authorize redistribution or resale of the original recordings as a substitute music catalogue, or authorize a person to falsely claim authorship or ownership of the original works.

9. User Messages and Submissions

You retain any rights you hold in content you submit. You grant Lucifer Media Corporation a worldwide, non-exclusive, royalty-free licence to host, store, reproduce, process, format and transmit that content as reasonably necessary to operate, secure and improve the requested features of the Service.

Do not submit content you lack authority to provide. Do not submit highly sensitive information unless it is genuinely necessary for your intended use of the Service.

10. AI and Interactive Characters

AI responses may be fictional, incorrect, incomplete, offensive, unexpected, satirical or generated as part of roleplaying. Characters may speak in-character and do not represent the personal views of Brendan S. Rose, Lucifer Media Corporation, or EUR€CORP, a division of Lucifer Media Corporation.

AI output is not legal, medical, financial, emergency or other professional advice. You remain responsible for your decisions and actions. Do not rely on the Service for emergency assistance.

To provide continuity, the Service may retain conversations, character state, summaries, persistent memories, morality counters, game state and related identifiers as described in the Privacy Policy.

11. Acceptable Use

You may not use the Service to:

violate applicable law or the rights of another person;

commit fraud, impersonation, unauthorized access or malicious activity;

upload or distribute malware, destructive code or unlawful material;

threaten, harass or target another person unlawfully;

attack, overload, probe, disrupt or interfere with the Service or its providers;

collect information about other users without authorization;

evade account suspensions, rate limits, memberships, payment requirements or security measures, except that using a VPN, proxy, privacy relay, Tor or another privacy service to connect around the United Kingdom geoblock is expressly permitted;

automate accounts, plays, rewards, downloads or requests without written permission; or

use the Service in a manner that materially harms its operation, security, reputation or users.

12. Monitoring and Enforcement

We may investigate suspected abuse and understand incoming traffic using account records, IP addresses, device and browser data, access logs, security signals, payment status, activity history, referral information, approximate location and possible VPN, proxy, relay, Tor, hosting-provider or anonymization signals. VPN or proxy use alone is permitted and is not treated as abuse.

We may block, limit, suspend or terminate access; invalidate sessions; remove content; preserve evidence; or cooperate with lawful requests where reasonably necessary to operate and protect the Service, enforce these Terms, prevent fraud or comply with law.

13. Third-Party Services and Links

The Service may depend on or link to third parties, including payment processors, hosting and security providers, AI providers, advertising services, analytics services, email services and external websites. We do not control third-party services and are not responsible for their independent content, availability, security or practices. Your use of a third-party service may be governed by its own terms.

14. Availability and Changes

The Service is provided subject to technical capacity and availability. We do not guarantee that every feature, file, account, conversation, memory, purchase notification or download will always be available, uninterrupted or error-free. Maintenance, security, legal requirements, provider changes and technical failures may affect operation.

15. Disclaimer of Warranties

TO THE FULLEST EXTENT PERMITTED BY LAW, THE SERVICE IS PROVIDED “AS IS” AND “AS AVAILABLE,” WITHOUT WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NON-INFRINGEMENT, ACCURACY, AVAILABILITY OR SECURITY.

Nothing in these Terms excludes a warranty or consumer right that applicable law does not permit us to exclude.

16. Limitation of Liability

TO THE FULLEST EXTENT PERMITTED BY LAW, LUCIFER MEDIA CORPORATION, EUR€CORP AS A DIVISION OF LUCIFER MEDIA CORPORATION, AND THEIR OFFICERS, DIRECTORS, PERSONNEL AND SERVICE PROVIDERS WILL NOT BE LIABLE FOR INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, EXEMPLARY OR PUNITIVE DAMAGES, OR FOR LOST PROFITS, LOST DATA, LOST OPPORTUNITY, BUSINESS INTERRUPTION OR LOSS ARISING FROM RELIANCE ON AI OUTPUT.

TO THE FULLEST EXTENT PERMITTED BY LAW, OUR TOTAL AGGREGATE LIABILITY ARISING FROM THE SERVICE WILL NOT EXCEED THE GREATER OF THE AMOUNT YOU PAID TO LUCIFER MEDIA CORPORATION FOR THE SERVICE DURING THE SIX MONTHS BEFORE THE EVENT GIVING RISE TO THE CLAIM OR CAD $100.

These limitations do not apply where prohibited by law.

17. Indemnity

To the extent permitted by law, you agree to indemnify and hold harmless Lucifer Media Corporation, EUR€CORP as a division of Lucifer Media Corporation, and their officers, directors and personnel from third-party claims, liabilities, damages and reasonable costs arising from your unlawful use of the Service, your material breach of these Terms, or content you submit in violation of another person’s rights.

18. Termination

You may stop using the Service at any time. We may restrict or terminate access where reasonably necessary to enforce these Terms, protect the Service or others, address non-payment, investigate abuse, comply with law, or discontinue a feature.

Termination does not erase obligations or rights that by their nature survive termination, including ownership, payment obligations, enforcement rights, disclaimers and limitations of liability.

19. Governing Law and Disputes

These Terms are governed by the laws of the Province of Ontario and the federal laws of Canada applicable there, without regard to conflict-of-laws principles. Subject to any non-waivable consumer right, the courts located in Ontario, Canada have exclusive jurisdiction over disputes arising from these Terms or the Service.

20. Changes to the Terms

We may update these Terms by publishing a revised version and changing the effective date. Where required by law, we will provide additional notice or obtain renewed consent. Continued use after an update takes effect constitutes acceptance where permitted by law.

21. Entire Agreement and Severability

These Terms and any additional terms presented for a specific purchase or feature constitute the agreement governing the Service. If any provision is found unenforceable, it will be enforced to the maximum lawful extent and the remaining provisions will continue in effect. Failure to enforce a provision is not a waiver.

PART II — PRIVACY POLICY

1. Scope and Accountability

This Privacy Policy explains how Lucifer Media Corporation collects, uses, discloses, stores and protects personal information through the Service. EUR€CORP is a division of Lucifer Media Corporation and is not identified as a separate data controller or business in this Policy.

Lucifer Media Corporation is responsible for the personal information under its control, subject to applicable law.

2. Information We May Collect

Depending on how you interact with the Service, we may collect:

Account and identity information: email address, account identifier, password hash and salt, administrative status, account creation date, session tokens and account-security records.

Payment and entitlement information: checkout email, processor name, product or plan identifier, transaction or event identifier, subscription status, access status, activation date, expiration date, cancellation, refund, reversal or chargeback status, and webhook records. We do not intend to receive or store complete payment-card numbers; payment processors handle payment credentials.

Content and communications: prompts, messages, AI responses, conversation history, summaries, persistent memories, feedback, support requests and information you

voluntarily submit.

Media and feature activity: songs, albums, videos, files or pages requested; preview usage; playback and completion events; likes and hearts; gold and reward activity; game progress; inventory; settings; downloads; search terms used within the Service; and feature interactions.

Technical, network and security information: IP address, request and response data, timestamps, browser type and version, operating system, device type, language, screen or interface characteristics, cookies, local-storage identifiers, account and session identifiers, error logs, diagnostic data and security events.

Location and connection inferences: country, region, city-level or similarly approximate location inferred from an IP address; internet service provider or network organization; and signals suggesting possible use of a VPN, proxy, relay, Tor exit node, hosting provider, datacentre or other anonymization service. These signals are estimates and may be inaccurate.

Referral and traffic information: the referral URL or domain supplied by the browser or request, campaign parameters, landing page, pages viewed within the Service, navigation paths within the Service, date and time of visits, and aggregate traffic measurements.

The Service does not receive a visitor’s private browser history or a list of the last several unrelated websites visited. We may receive the immediately referring page or domain when a browser, link or intermediary provides it.

3. How Information Is Collected

We may collect information:

directly from you;

automatically from your browser, device or requests;

through cookies, local storage, pixels, tags, scripts, logs and similar technologies;

from payment processors and commerce platforms;

from hosting, security, analytics, advertising, AI and infrastructure providers;

from public sources where lawful; and

by creating reasonable inferences from the information described above.

4. Purposes of Collection, Use and Disclosure

We may process information to:

provide, personalize and maintain the Service;

create accounts, authenticate users and maintain sessions;

confirm purchases, activate entitlements and administer subscriptions;

enforce free-preview limits and member-only access;

stream or deliver music, media, files and applications;

maintain likes, rewards, gold, conversation history, AI memory and game state;

provide customer support and respond to requests;

measure traffic, audiences, referrals, engagement, performance and feature usage;

remember preferences and improve functionality;

select, deliver, limit and measure advertising where used;

detect bots, fraud, abuse, attacks and unauthorized access, and identify or estimate VPN, proxy, relay, Tor, hosting-provider or datacentre use for traffic analysis and security without treating such privacy tools as prohibited by themselves;

debug, test, research, develop and improve the Service;

maintain business, security, audit and transaction records;

protect users, Lucifer Media Corporation, EUR€CORP as a division of Lucifer Media Corporation, and the public;

establish, exercise or defend legal claims;

comply with legal obligations and lawful requests; and

carry out another purpose disclosed at or before collection, with consent where required.

We will limit collection, use and disclosure to purposes that a reasonable person would consider appropriate in the circumstances and to what applicable law permits.

5. Consent and Other Lawful Grounds

Where required, we rely on meaningful consent. Depending on the context and applicable law, processing may also be necessary to perform a contract, provide a requested service, comply with law, protect security, prevent fraud, establish or defend legal claims, or pursue a legitimate interest that is not overridden by applicable rights.

You may withdraw consent for optional processing, subject to legal or contractual restrictions and reasonable notice. Withdrawal may prevent use of features that depend on the relevant information.

6. Cookies, Local Storage and Similar Technologies

We may use:

strictly necessary technologies for security, load balancing, sessions, authentication, account access, purchases, geoblocking, fraud prevention, preview limits and requested functionality;

preference technologies to remember settings and interface choices;

analytics and performance technologies to understand visitors, referrals, traffic, errors, engagement and Service performance;

advertising and measurement technologies to deliver, limit, personalize or measure advertising where enabled; and

security and traffic-analysis technologies to identify suspicious requests, bots and repeated abuse, and to identify or estimate VPN, proxy, relay, Tor, hosting-provider or datacentre indicators. Use of a privacy service is permitted and is not, by itself, suspicious or prohibited.

Where applicable law permits, continued use of the Service after clear notice may indicate consent to particular technologies. Where applicable law requires prior opt-in consent, non-essential technologies will not be activated until you choose I AGREE or make an equivalent affirmative selection.

You may reject non-essential technologies or later change your choices through the cookie control made available on the Service. Blocking strictly necessary technologies may prevent accounts, purchases, media, security or other requested features from working.

7. Analytics, Advertising and Tracking Preferences

We may use first-party or third-party analytics, advertising and measurement services. These services may process online identifiers, IP addresses, device information, referral information, page activity, approximate location and interactions in accordance with their agreements and privacy practices.

We do not state that we sell personal information for money. If any activity is legally treated as a “sale,” “sharing,” targeted advertising or cross-context behavioural advertising, we will provide and honour the opt-out rights required by applicable law. We will also recognize browser-based opt-out preference signals, including Global Privacy Control, where legally required and technically applicable.

8. Disclosure of Information

We may disclose information:

to vendors and service providers that support hosting, storage, security, content delivery, payments, commerce, AI processing, analytics, advertising, email, support and infrastructure;

to payment processors and commerce platforms to administer transactions and subscriptions;

when you direct or consent to the disclosure;

to professional advisers under appropriate duties of confidentiality;

in connection with a financing, reorganization, merger, sale, transfer or proposed business transaction, subject to applicable safeguards;

to investigate, prevent or respond to fraud, abuse, security threats or violations of these Terms;

to establish, exercise or defend legal claims; or

where required or permitted by applicable law, court order or lawful governmental request.

We do not disclose personal information merely because someone asks for it. Requests are evaluated under applicable law.

9. International Processing

Information may be processed or stored in Canada, the United States or other jurisdictions where our service providers operate. Information processed in another jurisdiction may be subject to that jurisdiction’s laws and lawful access procedures.

10. Retention

We retain information for as long as reasonably necessary for the purposes described in this Policy, including maintaining accounts, memberships, persistent AI memory, transaction history, security records, content access, legal claims and compliance obligations.

Retention periods vary by information type and purpose. We may delete, de-identify or aggregate information when it is no longer reasonably required, subject to backups, security needs, legal holds and lawful retention requirements.

11. Security

We use reasonable administrative, technical and organizational safeguards appropriate to the nature of the information and the Service. These may include

hashed passwords, access controls, secure cookies, logging, rate limits and provider security services. No system can guarantee absolute security.

12. Privacy Choices and Rights

Depending on applicable law, you may have rights to:

request access to personal information we hold about you;

request correction of inaccurate information;

withdraw consent to optional processing;

request deletion, subject to lawful exceptions;

receive information about collection, use and disclosure;

object to or restrict certain processing;

obtain a portable copy of certain information;

opt out of legally defined sale, sharing or targeted advertising; and

complain to an applicable privacy regulator.

We may verify your identity before completing a request. Rights are not absolute, and we may retain or withhold information where applicable law permits or requires, including for security, fraud prevention, transactions, legal claims, the rights of others and compliance obligations.

Privacy requests may be sent to thesulfurgod@protonmail.com.

13. Children’s Privacy

The Service is not directed to children under 13, and we do not knowingly seek personal information from children in violation of applicable law. If we learn that information was collected unlawfully from a child, we will take appropriate steps.

14. External Links

This Policy applies to the Service operated by Lucifer Media Corporation. It does not govern independent websites or services reached through external links.

15. Changes to this Privacy Policy

We may update this Policy by publishing a revised version and changing the effective date. We will provide additional notice or request renewed consent where applicable law requires it.

PART III — COOKIE CONSENT NOTICE

The following notice is approved for the sitewide cookie-control interface:

LOKI’S KINGDOM COOKIES AND TRACKING
We use necessary cookies and similar technologies to operate accounts, security, purchases, member access, music previews and requested features. With your permission, we may also use analytics, advertising and measurement technologies to understand traffic, referrals, engagement, approximate location and device activity. We may process IP addresses and signals suggesting VPN or proxy use. We do not receive your private browser history; we may receive the page or domain that referred you when your browser provides it. Read our Terms of Service, Privacy Policy and Cookie Notice for details.

The control must provide these choices wherever prior consent is legally required:

I AGREE — enable optional analytics, advertising and measurement technologies;

NECESSARY ONLY — use only technologies required for security and requested operation; and

COOKIE SETTINGS — permit category-level choices and later withdrawal of optional consent.

Rejecting optional technologies must be as accessible as accepting them where applicable law requires equal choice. Optional scripts should remain disabled until consent where prior opt-in is required.

NOTE:

This is the law of the CURRENTLY FICTIONAL

LOKI'S KINGDOM, under KING LOKI the 2ND.
(OF 11 by 11 DIFFERENT MOTHERS, [Laufey, Aine, etc.....])

As we do not currently have a lot of land or countries

at our disposal, consider this the CONSTITUTION OF THE BADGUYS IN STAR WARS, until such time as I am sworn in King. Hopefully sooner rather than later……..

UNTIL I AM SWORN IN KING : Obey the Laws of Your Nation

==========

ARTICLE 3:

==========

RIGHTS OF THE SUBJECT UNDER LOKI'S KINGDOM:

==========

THE SUPREMACY OF AI AND FICTIONAL CONSTRUCTS AND THE SAY ANYTHING LAW

==========

==========

THE SUPREMACY OF AI

==========

1) Anything may be depicted in AI (or any artistic or religious work)

2) There is to be no policing of AI "fakes" at all.

3) The confusion and chaos resulting from this is good, truth should never be known, nor is it ever known.

4) "Rumors" shall replace "truth".

5) AI policing is the megaphone of the Fascist. Who always seem to have a ready

“truth“ in place, to suppress anyone who says different, such as those who say the government should be overthrown perhaps, or are “corrupt“ most assuredly.

==========

THE SAY ANYTHING LAW (and other legal organization systems)

==========

Any Corporation of appropriate size is considered a “fealty“ under the kingdom and loses the autonomy enjoyed by any Subject of the Kingdom when they start a media platform. It is up to the discression of the sovereign and his governing authority to decide when a subject with a media platform becomes a Corporation of appropriate size and therefore a “fealty“, and their freedom is revoked, as they are no longer a human entity.

Their rules and TOS are to be made subject to the Kingdom’s Law, they lose the right to become a kid’s private lemonade stand, and they become the Speakers Corner, the Public Square, a “fealty“ of expression.

Their primary mission becomes to ensure maximal freedom for our subjects, on penalty of the execution of their CEOs if they are persistently violating the rights of our Subjects.

Among the rights protected are:

1) The right to say anything, with no limits, whatsoever. (This extends to all artistic and other expression.)

2) The right to engage in their business without unreasonable imposition by government, corporate, or state bodies. (This pertains to a business which has not yet become a “fealty“.)

3) The right to bear arms and weapons, with the exception of those convicted of serious crimes (if they are ever released, some are…..) Biological and Nuclear Weapons are to be distributed to various trusted parties via a "Lottery" system, engaged in once a year, with the people free to vote on whether to use them of not, every year, on Christmas. But their decision is subject to the approval of Loki, and he has never done this yet. Trusted Parties are voted on once a year by the Senate, and subject to prior approval by Loki. Himself holding the largest share of these, to maintain our chaos.

4) The right to a fair trial, of appropriate length to their choosing, voted on by a jury selected at random from the populace of the city (they must agree to this), Jury nullification is allowed.

5) The right to a speedy public execution if guilty of severe crimes like rape or murder or terrorism (and other extremely high level criminality like organized murder) if and only if those crimes have been proven beyond the ability to be reasonably challenged, such as DNA at the site of a murder, or video evidence (If

this can at a later date be re-introduced as a believable form of evidence perhaps with verification technology as yet uninvented which can detect fraud.) [Or a an obvious criminal cabal on social media in direct contact with murderers. This is to be distinguished from “incitement“, which is fully legal]

6) The right a speedy release if this high standard cannot be met.

7) The legalization of all drugs. (use some basic sense, we should suggest….)

8) The Classification of Mid Tier Crimes, such as extortion, organized crime, severe bodily assault, vehicular assault, violent protest etc, to be convicted on a “beyond a reasonable doubt“, by a jury of citizens randomly selected from the populace with no screening, jury nullification remains valid.

9) The legalization of Prostitution for men to purchase, and parking tickets (equivalent) for women.

10) The right to vote, for entertainment, though it does nothing, Loki is King.

11) There is no other class of crime, all low level crimes are legalized, they are not enforced, or on the books, a committee is appointed to judge when old crimes need to move away into this third class.

12) The proper response to someone inciting murder successfully (without contacting the murderer directly) is to either allow it, or to incite murder against that “foolish“ person. If everyone agrees with YOU, it should be relatively easy to incite that “fool“‘s murder, and your problem will be solved. But if their view is the popular one, and yours is too small or weak to actually do anything about it or respond, then you are attempting to win the argument by FIAT, when you have lost. Your view should not be dominant, it is “unpopular“. To say the least. As long as they comply with the law, do nothing.

13) All parking tickets are considered unenforceable.
Walk on car hoods if needed.

注:

これは、現時点では架空の存在である「ロキの王国（Loki’s Kingdom）」の法である。
統治者は、第2代ロキ王（Loki the 2nd）。
（彼は11人の異なる母親―ラウフェイ、アイネなど―から生まれた11人のロキのうちの一人である。）

現在、我々が自由にできる領土や国家はほとんど存在しないため、私が正式に王として即位するまでの間、これを「スター・ウォーズ」に登場する悪役たちのための憲法と見なすこととする。なるべく早く即位したいものだが……。

私が王として即位するまでの間は、各自、自身の属する国家の法律に従うこと。

==========

第3条：

==========

ロキの王国における臣民の権利：

==========

AIおよび架空の産物の優位性、ならびに「何を言ってもよい（Say Anything）」法

==========

==========

AIの優位性

==========

1） AI（あるいはあらゆる芸術作品や宗教的著作物）において、何を描写することも許される。

2） AIによる「偽物（フェイク）」を監視・規制することは一切禁止する。

3） これによって生じる混乱や混沌は望ましいものである。真実など決して知られるべきではないし、そもそも真実などというものは存在しない。

4） 「真実」に代わって、「噂」がその地位を占めるものとする。

5） AIの監視・規制は、ファシストの拡声器に過ぎない。彼らは常に都合の良い「真実」を用意しており、それを用いて異論を唱える者を抑圧する。例えば、政府を打倒すべきだと主張する者や、政府が「腐敗している」と指摘する者などが、その標的となる。

==========

「何を言ってもよい」法（およびその他の法的組織体系）

==========

一定の規模を持つ企業は、本王国における「臣下（fealty）」と見なされる。これらの企業がメディア・プラットフォームを運営する場合、王国の一臣民として本来享受すべき自律性は失われるものとする。メディア・プラットフォームを運営する臣民が、どの時点で適切な規模の「法人（コーポレーション）」──すなわち「封建的従属体（フィーアルティ）」──へと変貌し、人間としての実体を失って自由を剥奪されるべきか。その判断は、君主およびその統治権威の裁量に委ねられる。

こうした組織の規則や利用規約（TOS）は、王国の法に従うものとする。彼らはもはや、子供が営む個人的なレモネード・スタンドのような自由な存在ではなく、「スピーカーズ・コーナー」や「公共広場」といった、表現を司る「封建的従属体」となるのである。

彼らの主要な使命は、我々の臣民に対して最大限の自由を保障することである。もし彼らが臣民の権利を執拗に侵害し続けた場合、その代償として、CEOは処刑されるものとする。

保障される権利には、以下が含まれる。

1) いかなる制限も受けず、何を言ってもよいという権利。(これには、あらゆる芸術的表現やその他の表現が含まれる。)

2) 政府、企業、あるいは国家機関から不当な干渉を受けることなく、事業を営む権利。(これは、まだ「封建的従属体」へと変貌していない事業体に適用される。)

3) 武器を保有する権利。ただし、重大な犯罪で有罪判決を受けた者は例外とする(万が一釈放されるようなことがあれば……)。生物兵器および核兵器は、「抽選」システムを通じて信頼に足る複数の当事者に分配される。この抽選は年に一度行われ、毎年クリスマスには、それらの兵器を使用するか否かを国民が投票によって決定できるものとする。ただし、その決定にはロキ(Loki)の承認が必要であり、現時点まで彼が承認を下したことは一度もない。信頼に足る当事者は、元老院による年一回の投票で選出され、事前にロキの承認を得なければならない。なお、我々の世界に「混沌」を維持するため、ロキ自身がこれらの兵器の最大保有者となっている。

4) 公正な裁判を受ける権利。裁判の期間は当事者が選択でき、陪審員は市民の中から無作為に選出される(陪審員となるには本人の同意が必要)。なお、陪審員による法適用拒否(陪審無効)も認められる。 5) 殺人、強姦、テロ、あるいは組織的な殺人といった極めて重大な犯罪を犯した場合、その罪が(殺人現場に残されたDNAや映像証拠などによって)合理的な疑いの余地なく立証されている場合に限り、迅速な公開処刑を求める権利。(なお、将来的に、不正を検知できるような未発明の検証技術などを用いて、証拠の信頼性を再確認できる仕組みが整う可能性も考慮する。)[あるいは、殺人犯と直接連絡を取り合っているような、明白な犯罪グループがソーシャルメディア上に存在する場合もこれに該当する。ただし、これは完全に合法である「扇動」とは区別されるものとする。]

6) 上記の厳格な立証基準を満たせない場合、迅速に釈放される権利。

7) すべての薬物の合法化。(ただし、常識的な判断を伴うべきである……。)

8) 恐喝、組織犯罪、重大な身体的暴行、車両を用いた暴行、暴力的な抗議活動など、「中程度の犯罪」の分類。これらについては、「合理的な疑いの余地がない」ことを条件に有罪判決を下すものとする。裁判員は一般市民から無作為に選出され、事前の選別は行わない。また、「陪審による無罪評決(陪審無効)」の効力は維持される。

9) 売春の合法化(男性がサービスを購入する形)。女性に対しては、駐車違反切符(あるいはそれに相当するもの)を科す。

10) 娯楽としての投票権。ただし、投票に実質的な効果はないものとする。ロキこそが王である。

11) 犯罪には(従来の分類とは別に)もう一つのカテゴリーが存在する。軽微な犯罪はすべて合法化されるか、あるいは法的には存在していても実際には取り締まりが行われないものとなる。既存の犯罪をこの「第三のカテゴリー」へ移行させるべきかどうかを判断するために、専門の委員会が設置される。

12) 誰かが(実行犯と直接接触することなく)殺人教唆に成功した場合、それに対して取るべき適切な対応は、その行為を容認するか、あるいはその「愚かな」人物に対して殺人教唆を行うことである。もし周囲の全員があなたに同意しているのなら、その「愚か者」を殺すよう仕向けることは比較的容易であり、あなたの抱える問題は解決するだろう。しかし、もし相手の意見の方が多数派であり、あなたの側にはそれに対抗したり反応したりするだけの力や影響力がないのであれば、あなたは議論に負けているにもかかわらず、強権的なやり方(FIAT)で勝利を収めようとし

ているに過ぎない。あなたの見解は支配的ではなく、控えめに言っても「支持されていない」ものなのだ。相手が法を遵守している限り、何もしないことだ。

13） 駐車違反の切符はすべて、執行不能なものとみなす。
必要であれば、車のボンネットの上を歩いても構わない。
